

## Project Design Phase-I Solution Architecture

Date	19 september 2022
Team ID	PNT2022TMID08239
Project Name	Project – Personal Expense Tracker Application
Maximum Marks	4 Marks

### Solution Architecture:

Solution architecture is a complex process – with many sub-processes – that bridges the gap between business problems and technology solutions. Its goals are:

- Find the best tech solution to solve daily and monthly expense problems.
- Categorize the Expenses.
- Generate Reports based on expenses.
